

# Woolmen Sheep Drive and Livery Fair

# Invitation

---

**The Worshipful Company of Woolmen invite  
you to join them at the Livery Fair and  
Sheep Drive on London Bridge  
Sunday 29<sup>th</sup> September 2019**

In medieval times, sheep farmers drove their sheep across London Bridge to sell them at market in the City of London.

Freemen of the City were excused the bridge toll in recognition of their status as local traders who proudly held the right to drive their sheep across London Bridge.

Over the last five years, the Worshipful Company of Woolmen have organised a Sheep Drive to celebrate Wool in the City and Sheep on the Bridge. This Year, Freemen and their friends can exercise that right once again.

Charity no 262211

This year our celebrity guest, The Rt Hon Michael Portillo, will accompany the Lord Mayor of London and the Sheriffs in making the first Sheep Drive.

You are invited to come and enjoy a special day in London and drive a sheep across London Bridge, as well as enjoying the Livery Fair, which will be taking place alongside the Sheep Drive. All in aid of raising money for the Woolmen's Charitable Trust and other City Charities.

Your Livery Company is also invited to take a stall and let everyone

know who you are and what you do.

To book your Sheep Drive and Livery Fair stall, visit us at our website:
