3rd March 2021

Dear Master

On behalf of City, University of London, I am delighted to thank the Worshipful Company of Coachmakers for the generous donation £30,000.

This funding will be used to support students in financial hardship this year. The ongoing pandemic has led to many more students needing support than ever before, so we are very grateful for your support. I will provide an update to the Committee on how this funding has benefitted our students in the coming months. We look forward to also being able to welcome some of the Committee members to visit City's campus when it is safe to do so.

Thank you once again for the continued support to City and our students.

Yours sincerely,

Kelly Rush
Donor Relations Officer
