

Join your fellow Liverymen at the Livery Climate Action Group's inaugural annual conference on sustainability in support of the City of London's Climate Action Strategy

Learn from your fellow Liverymen and industry professionals on the approaches they are taking in response to climate change and hear from experts on how your company can manage its impact on climate change and the environment. Also learn about the practical steps you can take towards a sustainable and resilient future.

Network with your fellow Liverymen in the striking surroundings of the Merchant Taylors Hall.

Programme includes:

- Introduction, Lord Mayor of City of London
- Sustainable catering and food sources
- Building a livery climate action plan
- Measuring your Company's carbon footprint
- Considerations in building an ESG Business case for all your investments
- Refurbishment of Listed Livery Halls/ Buildings; a sustainable approach
- Panel Session: Challenging Livery Companies transition to a Green Future for our Cities

Networking drinks and canapes from 5pm - 6pm
